

Service Outcomes for GLCAC Inc. Clients 2017

32,648 individuals representing 12,713 families in Greater Lawrence and beyond were assisted through GLCAC Inc. programs and services.

676 safe and affordable housing units preserved or improved with assistance from GLCAC Inc. HEARTWAP program, Project Senior and the Lead Inspection program.

WIC provided nutrition services, basic health care and mother to mother peer support for **6540** children up to age 5 and pregnant women.

767 children were enrolled in Head Start, child care programs or after-school care. The LEAP partnership with Lawrence Public Schools provided kindergarten-readiness education for 52 students.

745 children in Head Start and child care programs received medical and dental screenings through GLCAC Inc. partnerships with health care providers in the community.

1977 individuals accessed affordable health insurance through the Navigator program at GLCAC Inc.

190 adults took ESOL to improve their English skills and **81%** who completed the course were promoted to the next level of English language classes.
